Honorable Nick Licata
President
Seattle City Council
City Hall, 2nd Floor

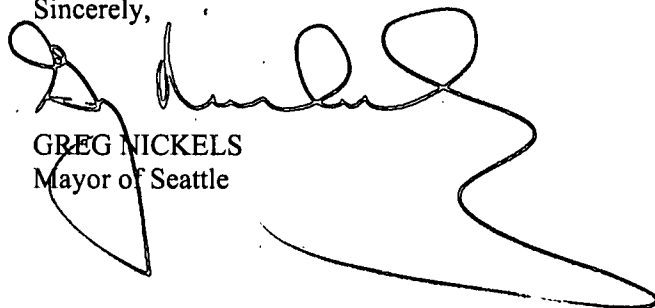

Dear Council President Licata:

I am pleased to transmit the attached proposed Council Bill for consideration with the 2007 Proposed Budget. This legislation updates and makes technical changes to the Seattle Center Parking program by removing provisions in the existing Seattle Municipal Code (SMC) for the Stacked Parking, Reserved Stacked Parking, and the Frequent User Pass programs that are no longer employed at Seattle Center. The legislation also amends the SMC by removing reference to the Veterans' Hall, as it is no longer located on the Seattle Center campus, and adding provisions allowing payment at the time of exit when automated parking requires it. The Bill does not propose any changes to the allowable rate structure.

The policy of allowing payment when exiting the garage will be implemented in accordance with an agreement between the City and the Bill and Melinda Gates Foundation (BMGF) at the time the Foundation purchased Seattle Center's Lot 2 property. The agreement with BMGF called for the Center to provide parking for 300 BMGF employees on weekdays between the hours of 6:00 a.m. and 6:00 p.m. in a garage to be built by BMGF, but owned and operated by the Seattle Center. In order to efficiently account for these reserved stalls, while ensuring that the remaining spaces are available for use by the general public, a new parking access control system is being installed. The system will issue a ticket when a customer enters through a gated entrance. Vehicles will be able to exit the facility only after the vehicle's driver presents a paid ticket.

The proposed amendments set forth in this legislation will allow us to provide excellent service to BMGF employees who park at the new facility, as well as to Seattle Center's patrons who choose to drive a vehicle to visit the campus. Thank you for your consideration of this legislation. Should you have questions, please contact Tom Israel at 684-7298.

Sincerely,

GREG NICKELS
Mayor of Seattle

Legislation Title:

AN ORDINANCE relating to Seattle Center Parking Charges; amending Seattle Municipal Code Section 17.19.010; deleting references to parking programs that are no longer in operation; and adding a new method of paying for parking in a Seattle Center garage.

• **Summary of the Legislation:**

This legislation amends the Seattle Municipal Code (SMC) to eliminate references to the Stacked Parking, Reserved Stacked Parking, and the Frequent User Pass programs that are no longer operating due to a lack of interest by visitors to Seattle Center. The Bill also deletes references to free parking for Veterans visiting Veterans' Hall, as that structure is no longer located on Seattle Center property. Finally, the legislation will allow a new method to pay for parking at the garage being built by the Bill and Melinda Gates Foundation (BMGF) on property it purchased from Seattle Center. The new garage will have equipment that accepts a paid ticket from the driver upon exiting the facility.

In an agreement made at the time the Seattle Center's Lot 2 property was sold to BMGF, the Center agreed to provide 300 BMGF employees with parking on weekdays between the hours of 6:00 a.m. and 6:00 p.m. in a garage to be built by BMGF, but owned and operated by the Seattle Center. An automated parking access control system will be installed to efficiently account for the 300 BMGF reserved stalls, while ensuring that remaining spaces are available for use by the general public. The system will issue a ticket when a customer enters through a gated entrance. Vehicles will be able to leave the facility only after the driver presents a paid ticket upon exiting. The proposed Bill amends the Municipal Code language to allow this new method of payment.

The other proposed amendments relate to operational changes in the Seattle Center's parking program, eliminating types of parking programs that are no longer offered or used and updating references to a facility that is no longer located on the campus.
